Rep. Fine Hosts Free Diabetes Screenings

GLENVIEW, Ill. – In recognition of Diabetes Awareness Day, state Rep. Laura Fine, D-Glenview, will be hosting free diabetes testing for community residents. Hospital staff from NorthShore University HealthSystems will be on hand to provide free blood glucose screenings, answer questions and provide follow-up care if necessary. This event will be on Thursday, Nov. 14 from 8:30 a.m. to 10:30 a.m. at Curt's Cafe located at 2922 Central St. in Evanston.

“We are lucky to have such good neighbors as NorthShore University HealthSystems and Curt's Cafe partnering with us to provide this free screening,” Fine said. “Early detection of diabetes is vital for successful treatment. Cost and convenience can be factors preventing people from getting tested and this event is aimed at removing those obstacles. I encourage everyone to stop by to learn more about diabetes and receive free testing.”

For more information, or to learn about other upcoming events, please contact Fine's full-time constituent services office by calling 847-998-1717 or by emailing RepFine@gmail.com.
