Rep. Fine Attends Inaugural Glenview Chamber Legislative Task Force Meeting

GLENVIEW, IL – State Rep. Laura Fine (D-Glenview) joined other area lawmakers last month, for the first quarterly meeting of the Glenview Chamber of Commerce’s Legislative Task Force.

“I believe it is essential to have an open dialogue with local leaders in our business community, so we can listen to their thoughts on how we can help improve the economic climate in our state,” Fine said. “As members of the Chamber, these are men and women committed to the economic development and success of businesses in our region, and by working together we can promote the area and create local job opportunities.”

The inaugural meeting of the Glenview Chamber of Commerce’s Legislative Task Force began with an introduction and overview of the main issues facing the business community. This was followed by a Q&A session on a wide range of topics including, how Illinois has one of the lowest number of state employees per capita in the nation, and how the state can bring more stability and predictability into Illinois tax structure.

“While in office I have supported reducing the number of redundant governmental taxing entities, and I look forward to supporting additional pro-business measures this spring,” Fine said. “As my fellow lawmakers and I work to address the many important issues facing our state and local community, I want to make sure that I keep the local chamber informed of the progress that we are making to improve the business climate in Illinois, and I am already looking forward to the next task force meeting.”

For more information on future meetings or other upcoming events, please contact Fine’s constituent service office at 847-998-1717 or email RepFine@gmail.com. The 17th Representative District includes all or portions of Evanston, Glenview, Golf, Morton Grove, Northbrook, Skokie and Wilmette.
