Rep. Fine to Host Environmental Issues Forum

GLENVIEW, IL – To share updates on environmental issues and gather community feedback, state Rep. Laura Fine, D-Glenview, will be hosting a forum with interested parties along with Rep. Gabel, Sen. Biss and representatives from the Illinois Environmental Council, Sierra Club, Center for Neighborhood Technology, Environmental Law & Policy Center and Natural Resources Defense Council on Thursday, March 13 at the Glenview Park Center.

“As we look for new ways to strengthen and grow our state, we must continue to implement clean, sustainable energy initiatives,” Fine said. “As a member of the green caucus, I believe it is important to keep an open dialogue with residents and environmental groups throughout our region and state. I look forward to the discussion and will continue working on measures that support the environment, preserve our natural resources and create jobs.”
